CHILD IDENTIFICATION PROGRAM

(Department of Justice Certified Operator)

PROTECT YOUR CHILDREN!

Keeping children safe is a major priority for parents, law enforcement agencies, day care centers, schools, other childcare providers, children/adults with disabilities and others! Dr. J's offers image of both fingerprints and photographs (front, right, left side, and 90 degree profile), as well as the textual data on a secure CD. All it takes is a simple process of scanning a child's fingers on a capture device, taking of the child's picture with a digital camera, entering demographic information provided by a parent (optional) and finally, placing the information on a CD. The CD is given to the parents to retain in a safe place. For privacy reasons, no information is ever electronically stored on the computer. This image/data can be provided to assist in the search of a missing child, and is compatible with other identification systems in use by law enforcement throughout the world.

FAST, EASY AND CONVENIENT!

Call for an appointment today (714) 345-1997

Dr. Janet M. Harris – Owner

Mr. Pablo L. Dancy – Executive Officer
